BB Gun Shootings Cause Damage; Vandals Risk Serious Legal Troubles

The vandals are apparently using a CO2 propellant pistol, since their bullets did not cause any damage to the windows of the public safety building, which is located at the site of the second vandalism. Council Member Glenn Stroak said that the bullets were fired at the windows of the building.

Mayor Owen noted that this is not the first time that the city has had to deal with this type of incident. He said that the city has already received a "very nice letter" from the city's attorney, who is representing the city in the matter.

The council members voted to take no action on the matter. They said that they would continue to monitor the situation and to take further action as needed.

Happy New Year!!!

By Jim Coats
Vet’s Corner
VSO, Comanche County

In past columns I have talked about Post Traumatic Stress Disorder (PTSD), what it is and how it affects a serviceman. I have mentioned it is an emotional disorder that has been overlooked by the Veterans Administration as a disability. We have a number of veterans here in Comanche County that have been overlooked due to PTSD. I applied for it and it was determined that my experience was not stressful enough.

I also told you about a bill that was introduced in Congress (H.R. 204) that would prevent persons with emotional disorders from owning a gun. The bill is an add on to the Brady Bill, which was passed when President Reagan was in com-.

This data base will be used to deny guns to people on the list. Violent acts committed by a person who is on the list will be on that list. The list is on the President’s desk now for signa-.

The Brady Bill says people with emotional disorders cannot own a gun. The Bill is based on the shooting rampage at Virginia Tech which killed 32 people. Those people were diagnosed by a medically disinficted person who then shot and killed himself. The weapons used were purchased at a local gun store. The move was unaware that the young man was emotionally disinficted and was not allowed to buy a gun. H.R. 204 is designed to create a data base that lists all people who have been diagnosed with an emotional disor-

Meet the Commissioner:

December 26, 2007

(From Page 11)

Reduced rates are available for multiple membership for multiple years.

Commissioners Schuman and Steele noted the county has already authorized Air Evac, based in Brownwood, to sell memberships in Comanche County. They also stated that they would not give Air Evac the opportunity to speak.

Bob Schuman made a motion with a second by Gary Steidt to make a presentation January 14, 2008, and on January 31, 2008, have both companies in court for the purchase of two trailers for precinct #2. The bid shall be awarded to the lowest bidder.

Garry Steele made a motion with a second by Bob Schuman to approve John McCormick to the position pending his acceptance. All ayes. Motion carried.

After a brief discussion, Bill Lane was appointed as a director to the Tex Can Rural Aid District for a two year term, 2008 and 2009. The motion was made by Bob Schuman and a second by Gary Steidt.

Commissioner Feist dis- cussed the purchase of nine additional truck trailers for precinct #2. Four will be used for ice and food delivery and six will be used as a float. He wishes to donate the trailer to a civic group or charity. Action will be taken on the next agenda.

Commissioner Feist made a motion to approve advertising for the purchase of two trailers for precinct #2. The bid shall allow the purchase to be made and will be awarded. All ayes. Motion carried.

Commissioner Feist gave an update on FEMA projects. Great progress has been received as of today because the paper work was delayed during the move from Waco to Austin of the FEMA office. Comanche County will receive a total of approximately four million dollars with the arrival of the final grant package.

Commissioner Steele stated the need of the assistance. County will work to complete some of the smaller projects. The completion date is December 29, 2008, for the flood repairs, however, the county can apply for an extension in June of 2008, which would allow for an additional eight months to complete the repairs.

Sheriff Lambeth reported the Comanche County has requested a new contract for the purchase of New ID cards for all Sheriff苑 inmates have been ordered at a cost of $10.00 each.

Officer’s Reports were pre- sented for approval. The motion for approval was made by Bob Schuman and the second by Gary Steidt. All ayes. Motion carried.

Bob Schuman made the motion to approve Badger Amendments. Jimmy Dil- ler made the second. The motion carried with all votes for approval.

Gary Steidt offered the motion to approve the Emergency Amendments. Kenneth Feist made the motion and the second by Garry Steidt. All ayes. Motion carried.

Bob Schuman made the motion to approve Badger Amendments. Jimmy Dil- ler made the second. The motion carried with all votes for approval.

Gary Steidt offered the motion to approve the Emergency Amendments. Kenneth Feist made the motion and the second by Monty Carrels. All ayes. Motion carried.

There being no further bus- iness new to come Commissioner Court was adjourned this the 26th day of December, 2007.
The DeLeon Bearcats basketball team won second place in the Zephyr tournament last weekend, winning the first two games to advance to the championship contest.

DeLeon defeated Lohn in the first game on Thursday by a score of 62-52.

Lohn jumped to a first-period lead, 20-15. Before the Bearcats could push back in the second period, the Cats came together for their third straight win to go into the break trailing 26-20. However, the Lady Cats started strong and never gave up, scoring quickly and often, while the defense stymied the Lady Elks to few good shots.

Smith tallied scores with 21 points. Beatty added 15 and Travis dropped in 12. Korea Sanchez scored seven, Stewart, Golden and Adum Menas each added two points.

Smith and Travis also grabbed four rebounds each. Beatty snagged five. Menas picked up four. Hammonds and Stewart added three.

Smith led the way with five, followed by Travis with four.

DeLeon fell in the championship game to May, 45-34, in a game marked by poor officiating and foul trouble for the Bearcat’s key player. Smith picked up three fouls in the first quarter and sat out the second period in foul trouble.

Advancing to the final game garnered the Bearcats second place.

After falling close in the first quarter (12-16), DeLeon fell behind as May took advantage of the personnel mismatches. Not only were Coach Brad’s foul shooters down to seven due to disqualification, two players were out for personal reason. Austin Konrice and Roderick Allen were not available due to family trips.

DeLeon failed to score in the second period while May added 14 points to their lead. DeLeon had difficulty getting the ball down the court against May’s pressuring defense, and also settled for off quality shots with key personnel on the bench.

Three players scored for the game in the Lady Panthers. Beatty, Smith and Travis, the starting guards, scored 20, inconclusive, and reduced, were all disqualified with five fouls before the final buzzer.

Smith led the Bearcats with 17 points. Wells and Beatty added four and Nervis added three. Hammonds dropped in two points.

Travis led rebounders with eight, Wells grabbed six. Stewart picked up four and Smith had three.

Stewart also picked up four steals, Smith, Hammonds, Golden and Travis each had two steals. Beatty had one.

DeLeon Boys Capture 2nd Place in Zephyr Tournament.

ON DEFENSE. Kevin Smith (right) covers the ball and (left) to right) Josh Beatty, Brody Hammonds and Kody Travis cover the passing lanes.

By HEATH GIBSON

The DeLeon Lady Cats fell to Gorman, 58-56, in the Zephyr Tournament last week, improving to 5-11 overall this season.

Silvia Reyna and Atchley added nine and eight points, respectively, for the second-place finish. The DeLeon Lady Cats claimed their third straight win on Friday, snapping a season-high mark with 21 steals.

The DeLeon Cat celebration included a season-high 43 rebounds, controlling the boards, while also setting up a season-high mark with 21 steals.

The DeLeon Lady Cats won their second game in a row here Friday night, snapping district rival Gorman, 58-56, in the Zephyr Tournament.

DeLeon jumped out to an early three-point lead before doubling up the Lady Panthers 18-9 in the second period, taking a 35-23 lead into the half.

The Lady Cats then had to defend May’s shooter, as he knocked down the game by making only 12-of-21 free throws in the first two quarters combined.

Against Pressure. Kayla Atchley drives the ball against Gorman and Latisah Abbey and Karylon Canaway move to get open.

UP FOR TWO. Latisah Abbey goes up for two points as teammates block out and defend.

Girls Take Consolation in Zephyr

Hospital Board Adds Internal Medicine Physician to Staff

(From Page 1)

The Board then addressed executive sessions for the consideration of various medical staff appointments. At the conclusion of the executive sessions, Charlie Manzur offered a motion to approve the appointment of Dr. Hubert M.D. and the recommendation for the medical staff of Comanche County Hospital, which was presented by the District Board. The motion was passed and the vote of approval was unanimous.

Quentin Solomon and Leslee Rice were then addressed subject to the conclusion of credentialing reviews.

The next order of business involved Kevin Storey, the District’s request for authorization to seek public bids for the replacement of the roof on the portion of the old Comanche County Hospital that had been retained by the District. Storey stated that the leak was causing damage to the ceiling and painting in affected areas.

Kevin Storey noted that the cost estimates he had received had varied from various roofers in the $25,000 to $30,000 range for conventional flat roof and close to $50,000 for membrane roof. In either instance, a delay in the work would be warranted down the road should the District proceed.

Board discussion centered on the fact that Charles Manzur offered a motion that the District would pay for a roof replacement. Kevin Storey noted that the motion for approval was unanimous. The motion to approve the contract with the roofers was passed.

Kevin Storey noted that the existing hematology unit is 11 years old, no longer manufactured and no parts are available to fix and find out what is wrong. The available contract was not able to offer diagnostic equipment for the hospital laboratory.

Kevin Storey noted that it was recommended the lease of a new hematology machine, also a hematology analyzer. He stated he will purchase quotes of the two items.

The consummation of a grand bargain, which carries an extended list price of almost $65,000, was approved by the District Board at the conclusion of the executive session. The District Board offered the hematology unit to Dr. H. O. at a cost to be determined by the District. The District Board passed the motion and the vote of approval was unanimous.

Kevin Storey noted that the cost of the equipment was fixed for the five year period of the lease and the District would own the lease at the end of the five year period. The District Board noted that the new hematology unit is being refrigerated, but there are no guarantees that the costs of the new equipment will be lower than the current equipment. The District Board noted that at the end of the five year period the hospital would own and operate the new equipment.

There were several questions on various aspects of the proposed equipment lease and further discussion and examples of savings that have been achieved on lease payment and that the cost of that payment was almost the same as the proposed acquisition.

At the conclusion of the discussion, Kevin Storey moved to approve the lease of the equipment and the contract for the purchase of the new equipment. The District Board voted unanimously in favor of the motion.

The coagulation system, which carries an extended list price of $544 and $1,351 per month, $5,343 and $12,666 per year, was recommended by the District Board. The medical staff of Comanche County Hospital, as recommended by the Hospital’s medical staff, recommended the lease of the new coagulation system. The District Board noted that the new coagulation system was refrigerated for on-board storage, lower storage, more efficient, and had additional capabilities including testing for clotting delays with the ability to do a direct result in the hospital laboratory and an easy to read, or more easily readable, instead.

Kevin Storey noted that the existing system had two systems and that the District needed one system and now that the District had a system that would operate at a fraction of the cost of the new system. She concluded, “It’s cheaper to operate, it’s better in the new location.”

Andrews also noted that the existing hematology unit is 11 years old, no longer manufactured and no parts are available to fix and find out what is wrong. The available contract was not able to offer diagnostic equipment for the hospital laboratory. He stated that he will purchase quotes of the two items.

Rebecca了

Rebecca noted that the existing hematology unit is 11 years old, no longer manufactured and no parts are available to fix and find out what is wrong. The available contract was not able to offer diagnostic equipment for the hospital laboratory.

Rebecca noted that it was recommended the lease of a new hematology machine, also a hematology analyzer. She stated he will purchase quotes of the two items.

The coagulation system, which carries an extended list price of almost $65,000, was approved by the District Board at the conclusion of the executive session. The District Board offered the hematology unit to Dr. H. O. at a cost to be determined by the District. The District Board passed the motion and the vote of approval was unanimous.

Kevin Storey noted that the cost of the equipment was fixed for the five year period of the lease and the District would own the lease at the end of the five year period. The District Board noted that the new hematology unit is being refrigerated, but there are no guarantees that the costs of the new equipment will be lower than the current equipment. The District Board noted that at the end of the five year period the hospital would own and operate the new equipment.

There were several questions on various aspects of the proposed equipment lease and further discussion and examples of savings that have been achieved on lease payment and that the cost of that payment was almost the same as the proposed acquisition.

At the conclusion of the discussion, Kevin Storey moved to approve the lease of the equipment and the contract for the purchase of the new equipment. The District Board voted unanimously in favor of the motion.

The coagulation system, which carries an extended list price of $544 and $1,351 per month, $5,343 and $12,666 per year, was recommended by the District Board. The medical staff of Comanche County Hospital, as recommended by the Hospital’s medical staff, recommended the lease of the new coagulation system. Calvin and Kathy Quinn spent the Christmas holidays in Cleburne visiting with their Dia, Gourmet Foods. 

The third Sunday in January is celebrated as Epiphany. The day commemorates the visit of the Wise Men to the infant Jesus. It is also a time for reflection on the importance of saying thank you to God. It is a time for giving thanks for all the blessings that we receive in our lives. It is also a time for remembering those who are less fortunate. It is a time to show compassion and kindness to others. It is a time to be thankful for all that we have.

This day also marks the beginning of the Christian lent. Lent is a period of 40 days leading up to Easter Sunday. It is a time for reflection and self-examination. It is a time for giving up something that we love in order to focus on our relationship with God. It is a time to strengthen our faith and to grow closer to God. It is a time to be grateful for all the blessings that we receive in our lives.
