ASK MY FRIENDS

August 11, 2005

As the week was full of fun and good things to eat. We had a very successful peach cobbler and ice cream social. Betty Wacker sat down at the long tables with numerous vendors and supporters and told us all about the Peach and Melon Festival and how it began. A many of the residents added their memories, and some even mention theальное Макиннан donated a beautiful rainbow colored afghan she had finished for the contest. It’s most beautiful and cheerful piece piece you have ever seen in a very long time. Thank you Betty, your talent is second to none, and your loving to give a safe haven to everyone.

I am always trying to come up with ways to challenge our active and vibrant group so this week we added multiple balloon drops to our monthly routine. We definitely had the fun and they didn’t even blink. We were on it and ready to do it all over again.

As we watched in line for the Peach and Melon Festival upstairs, we began to talk and with a little fun we began to think of new ideas. And so they say the more Profit and fun.

The opposition says it will be too late by then. It will be too late because the opposition will not have the votes to pass what it sets forth. During our trying time special occasion, we will be able to see the shear and strength of Division Marsh and Wibberley and Abillians. It is a fitting time for you always for getting that extra mile to try to help others.

Exciting Changes in School Cafeterias

DeLeon school cafeteria staff will begin working with several new modifications that believe students will enjoy. This year’s five week menu cycle features items the students selected in surveys conducted on each campus last spring. The menus have been designed to offer certain foods on certain days of the week. Meals will feature chicken, Turkey, beef and salads, offered as a salad bar, as well as a choice of noodles, or rice. Another exciting change - the district plans to offer free dessert every day to each student purchasing a meal. Desserts will include cake, brownies, cookies, and ice cream. Many new items will be offered for separate purchase. A major change at the elementary will be the addition of the new “Cafeteria Café”. The “Cafeteria Café” will offer items similar to those offered in the high school. Items available for purchase include pies, baked potatoes, salad, burritos, chips from snack items, drinks, and ice cream. Students may pre-pay or charge these items, if they have money deposited in their account. Parents may send money to school to be deposited in a student’s accounts, or may deposit money online, as well as monitor their student’s account at www.deleonisd.net, click on Cafeteria Info, then “Online Payments”, or on www.myemiletime.com. DeLeon ISD also plans to offer locally grown fresh produce to students. If you are a grower and are interested in providing fresh produce to DeLeon ISD, please call (325)485-8023. Local growers (LOCAL meaning Comanche county and counties surrounding DeLeon county) will receive price preference in Lalippate evaluations.
